AMBLERS HIKING CLUB OF DURBAN

WHAT WE ARE ALL ABOUT?

For the past eighteen years Amblers Hiking Club has hiked the quieter side of ever so awesome Durban. We have shown some 28000 hikers the beautiful forests, awesome trails, interesting grasslands and tranquil streams situated in and around the city.

Every Sunday afternoon at 2pm just as the heat of the day settles we choose a hiking trail from about 45 trails on offer and explore our countryside in the heart of the city. All our hikes are three hours duration and anywhere from seven to ten kilometres long. Afterwards we often enjoy a cold beer and an early meal with those who wish to join us!

Each quarter we spend a weekend exploring the midlands or climbing mountain in the Drakensberg. We usually look for great accommodation with low rates or self-catering where we treat ourselves to braais and roast dinners prepared by the hikers.

Annual fees are just R150.00 per single, couple or family.

WHAT WE ARE ALL ABOUT?

"The African Bird of Prey Sanctuary is a working facility dedicated to the conservation of indigenous raptors and is base to ongoing research, breeding and rehabilitation projects for birds of prey. The sanctuary is also, however, home to a wide selection of captive-bred or 'non-releasable rehabilitation' birds of prey. These raptors can be viewed in their 'micro-environment' enclosures by anyone who wishes to visit and learn about South Africa's magnificent aerial predators."
